BEN HOWARD

SENIOR OPERATIONS AND TRANSFORMATION LEADER

PREPARED FOR RUDYARD HOTEL

PROFESSIONAL PROFILE

Senior operations and transformation leader with experience across NHS primary care, specialist manufacturing, leisure operations and regulated data services. Delivers operational turnaround, service redesign, financial control and performance improvement in complex, fast-moving environments. Combines strategic oversight with hands-on delivery across governance, workforce planning, reporting and service execution. Known for bringing structure, commercial grip and measurable results.

PROFESSIONAL EXPERIENCE

Operations, Development and Transformation Manager

2024 - Present

NHS Primary Care

- Leading operational performance, transformation and service control across clinical, administrative and patient-facing functions, supporting delivery across a £1.56m annual income base.
- Improved patient experience by increasing Google review score from 2.09 to 4.51 and raising five-star reviews from 19.8% to 81.3% across 209 reviews received during this period.
- Supported a £149.9k improvement in profit before appropriation, released £33.3k of working capital through a 40.3% reduction in debtor balances and helped increase cash at bank by £172.6k year on year.
- Built senior reporting across workflow, room utilisation, payroll and contractual income, including reconciliation of 64 PCSE remittance files covering £2.83m.

Operations Manager

2022 - 2024

Copper Alloys Ltd

- Led day-to-day operations within a specialist manufacturing environment during a scale-up phase, supporting disciplined delivery across production, people, systems and customer requirements.
- Contributed to operational improvements during a period in which gross profit margin increased from 29% to 39% and orders won rose by 60%.
- Improved operational resilience through changes to processes, equipment, capacity and ways of working, supporting business growth in a precision manufacturing setting.
- Used sales, delivery and KPI reporting to monitor performance, maintain customer service levels and strengthen execution across the operation.

PROFESSIONAL EXPERIENCE

Operations & Continuous Improvement Manager
2016 - 2022

Merlin Entertainments | Alton Towers Resort

- Progressed through operational and continuous improvement roles, combining frontline resort operations with cross-site transformation delivery across five major European theme park sites.
- Managed live operations across major attraction launches and seasonal events, including the opening of Wicker Man, a £16m investment and the UK's first new wooden rollercoaster in over 20 years.
- Led cross-site improvement activity across Alton Towers, Chessington, Gardaland, Heide Park and Thorpe Park, using operational data and frontline insight to strengthen operating standards.
- Coordinated live operations across teams of more than 300 in a KPI-led guest-experience environment, using live feedback tools and digital ride-time information to support operational decision-making.

Product Executive
2010 - 2016

Experian

- Supported business-critical delivery and client service within a regulated, data-sensitive corporate environment.
- Coordinated workload allocation and training across a 12-person function to maintain service standards and processing performance.
- Built early capability in stakeholder management, process control and performance-led delivery within a structured corporate setting.

SECTOR EXPERIENCE

- NHS and healthcare operations
- Specialist manufacturing
- Leisure, attractions and visitor operations
- Regulated data and corporate services

LEADERSHIP THEMES

- Operational turnaround and stabilisation
- Service redesign and customer experience improvement
- Commercial grip, reporting and financial control
- Cross-functional leadership in complex environments
